

OBITUARY

PROF. K.R. SAMADDAR (1935-2019)

Dr. Kanak Ranjan Samaddar, former Professor and Head, Department of Botany, Kalyani University, Kalyani, West Bengal, India died on 18th February 2019 due to severe heart attack. He was born on 1st March, 1935 at Barishal (now Bangladesh) and started his early education in Hindu Academy at Barishal. In 1945 his entire family shifted and started to reside at Shibpur, Howrah, West Bengal. He obtained his B.Sc (Hons.) degree in Botany from Presidency College in 1954 securing highest marks among the science students and he was awarded the Jogmaya Medal for this. In 1956 he passed the M.Sc. Examination in Botany from University of Calcutta and obtained 1st class 1st position and received University Gold Medal. He also obtained highest marks among the science students and obtained the Brahmamohan Mallick Gold Medal for the same. After passing M.Sc. He started his Ph.D. (Sc) research under Late Dr. S.N. Banerjee of the Department of Botany, University of Calcutta. In 1961 he joined the Department of Botany, University of Kalyani, Kalyani, West Bengal, as lecturer. In 1965 he got the Full Bright Scholarship and joined the laboratory of

Professor R.P. Sheffer at Michigan University, USA. In 1968 he obtained his Ph.D. Degree of the Michigan State University, USA. His research work was highly praised by all the research scientists of the world. He came back India and joined the Department of Botany, Kalyani University in 1969 and served there till his retirement from the service. He also visited Cornell University again as Visiting Professor in 1978 and came back in 1980.

He was very popular teacher and loved and regarded by all students. All his elegant, deliberations made the audience spell bound. He was guest teacher in the Department of Botany, University of Calcutta for some time.

His research interest was Molecular Biology of Host and Parasite interactions, Nitrogen fixation, Plasmids, Viruses and Environmental pollution.

Several students obtained their Ph.D. (Sc.) Degree in Botany of University of Kalyani under his able guidance. He published several authentic research articles in the national and international Journals.

After retiring from regular service from Kalyani University in 1995, he was Visiting Professor of Burdwan University and Vidyasagar University.

He was the President of the Indian Mycological Society during 1990-1992 and he published '*Marvels of Fungi*' in the *Journal of Mycopathological Research* Vol 56 No. 1-4, 2018-19.

He lost his only son in 2018 and which was a great shock for him. He is survived by his wife, daughter and daughter in law and nephew and nieces and grand children. He also left behind a large number of friends, well-wishers and students.

He donated his retina, kidney, heart, liver and whole body which is being maintained by the Gandhi Memorial Medical College at Kalyani, West Bengal.

May his soul rest in peace.

Dr. Asok Chattopadhyay
Former Joint Director of Agriculture
(Mycology and Plant Pathology)
Govt. of West Bengal
and
Prof. N. Samajpati
